## STRIKE LEADERS AT OUTS. ARE SETTLING THE DETAILS

Anti-Shea Delegates in Chicago  
Teamsters' Council Favor Call-  
ing Off the Strike.

**SHEA STILL OPPOSES A SETTLEMENT**  
President of the Driver's Union Declares  
That the Men on Strike Will Decide as  
to Whether it Shall be Continued or  
Not—Grand Jurors Find More Important  
Evidence Regarding Conspiracy.

Chicago, June 18.—A demand for the  
settlement of the teamsters' strike is  
expected to be framed before night at  
a meeting of anti-Shea delegates in the  
teamsters' joint council. Several  
leaders of the drivers are alleged to  
have broken away from the strike  
leader, President Shea, and arranged  
a caucus at which they plan to canvass  
the situation and secure pledges enough  
for the calling off of the strike and to  
go before the Teamsters' joint council  
Monday with assurances of success.

George F. Golden, who with a  
number of others, was until recently  
a staunch Shea adherent, it developed  
Saturday, is the one who made the  
motion in the council providing for a  
new committee to be appointed at  
Monday night's meeting.

Hugh McGee, formerly one of the  
chief lieutenants of Shea, openly ad-  
vocated peace Saturday. "I know that  
terms which were acceptable to the  
majority of the small leaders and to the  
rank and file were offered a week ago  
by the employers," he said. "Overtures  
made by the teamsters' were repro-  
duced by a certain prominent member  
of the Commercial exchange. The  
settlement proposed to be sure, was  
considerable of a compromise for the  
teamster, but under the circumstances  
it was a good one. The teamsters are  
getting tired of Shea's doings."

The question of financing the strike  
has become more and more a burden  
to pay the strikers benefits and other  
expenses requires \$4,000 a week. Since  
the grand jury investigation the shrinkage,  
it is alleged, has been large.

Admission is made by State At-  
torney Healy that the grand jury have  
found important evidence apparently  
corroborating the report that the  
strike is partly at least the result of  
a conspiracy directed against the firm  
of Montgomery, Ward & Co. by other  
employers and by labor leaders in-  
volving the payment of \$20,000 in in-  
stallments of \$10,000 and \$20,000.

An indictment is voted as a result the  
alleged conspirators are likely to be  
charged with being responsible for one  
or more murders growing out of the  
"stacks of so-called 'wrecking crews.'"  
The law holds that when persons  
enter into a conspiracy to do an illegal  
act they are responsible for everything  
following the initial plot and that all  
can be held for the acts of one, even  
though they have made no knowledge  
of what the co-conspirators are do-  
ing or have done.

"If the joint council wants to name  
one new strike committee or ten new  
committees," said President Shea this  
afternoon, "it will not alter the situ-  
ation. The settlement of this team-  
sters' strike will be the same no mat-  
ter how many committees work on it.  
The teamsters' joint council can not  
repeal the constitution of the team-  
sters' brotherhood. The arrest and  
conviction of every strike leader would  
not alter the situation a particle. The  
men on strike decide on settlement  
or continuation of the strike."

At Washington Busy Preparing  
for Peace Conference.

**MAY MEET IN CONGRESSIONAL LIBRARY**  
The Capitol Possibly the Only Other Suit-  
able Building in Washington for the  
Purposes of the Meeting—Each Mission  
Is Expected to Number 12 or More  
Persons.

Washington, June 18.—Impressive in  
dignity and number will be the mis-  
sions which Russia and Japan will send  
to the Washington conference for al-  
though the plenipotentiaries will be  
limited to two or three the comple-  
mentaries with their advisers and at-  
taches and secretaries will each, it is  
expected, number 12 or more persons.

Japan's plenipotentiaries probably will  
be accompanied by an army and a navy  
officer of high rank who will act as  
military advisers to the plenipoten-  
tiaries. In addition there will be sec-  
retaries and attaches, some of them  
from the diplomatic service, some  
from the foreign office, and others  
who will act as translators and re-  
cording secretaries. Russia probably  
will send a similar mission, though  
perhaps not as large and both the Rus-  
sian ambassador and the Japanese  
minister at Washington will place at  
the disposal of respective missions  
their secretaries and attaches.

The Washington government will  
furnish a suitable place of meeting for  
the conference and as soon as a date  
for its convening is fixed arrangements  
for quarters for the two missions  
will be made by the Russian and  
Japanese envoys here. There have  
been so many other important details  
to be settled that the state depart-  
ment has not yet fixed upon offices for  
the conference. In addition to the  
main conference room, retiring rooms,  
offices for secretaries and a reception  
room will be needed. Either the  
capitol or the congressional library  
are regarded as perhaps the best suited  
buildings in Washington and in view  
of the indefinite period which the  
conference may remain in session,  
it has been suggested that perhaps  
the congressional library might be  
preferable to the capitol, for should  
some unexpected obstruction arise  
to keep the conference in session until  
late in the fall the convening of con-  
gress in extra session might necessitate  
the removal of the conference else-  
where. Whatever expenses are incur-  
red incident to the maintenance of  
quarters, will of course be borne by  
the Washington government.

Mr. M. Nelidoff, the Russian am-  
bassador at Paris, comes to Washington  
as the ranking Russian plenipoten-  
tiary his rank will equal that of Mar-  
quis Ito. At first there was some  
doubt in the minds of the Japanese as  
to whether Mr. Nelidoff possessed suf-  
ficient rank for a mission of the im-  
portance accorded the Washington  
conference in Japan. Russia, however  
at this juncture let it be known that  
the Russian ambassador at Paris  
ranked even the Russian minister for  
foreign affairs. Moreover, it was  
pointed out that as the personal  
representative of his sovereign, a Russian  
ambassador could be ranked only by  
a prince of the royal family. Japan  
has not of course objected to the se-  
lection of Mr. Nelidoff but in view of  
her expressed intention to select two  
or three "distinguished personages,"  
she is desirous that Russia choose as  
plenipotentiaries men of rank and  
statesmanship who possess the confi-  
dence not only of their own govern-  
ment but of the other powers.

## THE MOROCCAN SITUATION

Negotiations in the Controversy Be-  
tween France and Germany Mak-  
ing Little Progress.

**RUSSIA IS CONSIDERED OUT OF IT.**

Berlin Opinion is That St. Petersburg Gov-  
ernment Need Not be Reckoned With  
Since Rojstvensky's Defect—Germany  
Now Claims to be Paramount European  
Power—Washington Not Unhappy.

Paris, June 18.—The efforts to secure  
a diplomatic adjustment of the Franco-  
German controversy relative to Mo-  
rocco remain without definite results  
and the negotiations, while not sus-  
pended, make practically no progress.  
France has not given her final response  
to Germany's movement for an inter-  
national conference and the officials  
do not confirm the German press re-  
ports that France has definitely re-  
jected the proposal for a conference.  
For the present Premier Rouvier is  
turning his efforts towards learning  
what Germany desires to accomplish  
by a conference and it is the view in  
official quarters that some of the chief  
objections to the conference may be  
removed by having its plans and pur-  
poses exactly defined. In the mean-  
time sentiment in high quarters re-  
mains most solicitous concerning the  
outcome of the negotiations and sin-  
ister reports circulating concerning  
the possibilities resulting from a complete  
failure to reach a diplomatic ad-  
justment.

**Germany Reassures France.**

Berlin, June 18.—The foreign office  
has, the Associated press learns, tele-  
graphed to Prince von Radolin, the  
German ambassador at Paris, during  
the last day or two in a sense that will  
be reassuring to French apprehensions  
if such were felt in the French cabi-  
net. Germany still presses France  
diplomatically for her acceptance of  
the proposal to hold a conference of  
the powers on the subject of Morocco.  
The undoubted disturbance of feel-  
ing in Paris over Germany's policy is  
not traceable to anything actually ag-  
gressive that the German government  
has done or is preparing to do. It is  
probably due to the feeling of  
weakness that has suddenly arisen in  
France since Admiral Rojstvensky  
lost the sea fight and the correspond-  
ing relative increase in German confi-  
dence since it has become evident that  
Russia need not be reckoned with. The  
thought in the government, in the  
army and in the press that Germany  
in a military sense has now become  
master of the continent and that being  
so, France and every other continental  
power should recognize that in diplo-  
macy also Germany has risen to the  
first place and must be dealt with as  
the paramount power.

So fully do the German ministers  
feel the strength of Germany's military  
and political position that the cautious,  
circumspect policy of recent years has  
been replaced by a more definite posi-  
tive tone toward Russia, toward

France and toward Great Britain al-  
so. The spirit of confidence in the  
army runs immeasurably high. The  
young officers long for war. That is  
the constant talk in the regimental  
casinos.

**Washington Not Unhappy.**

Washington, June 18.—Germany and  
France will not come to a clash over  
Morocco, it is reassuring official cables  
reaching Washington over night  
from two European capitals accurate-  
ly report the situation. Two weeks  
ago the situation was exceedingly de-  
licate. It has been relieved, however,  
by the resignation of M. Delcasse. It  
can be announced that the negotia-  
tions at Paris between M. Rouvier, the  
new minister of foreign affairs and  
Prince Radolin, the German am-  
bassador, are progressing slowly but  
with good will on both sides, and that  
"things between France and Germany  
are moving harmoniously and it will  
soon be possible to straighten out ex-  
isting tangles." The Washington gov-  
ernment is fully informed about every  
move and the feeling here in the highest  
official circles is not one of uneasiness.

**Folk to Speak in Kansas.**

Dodge City, Kan., June 18.—Gov.  
Folk of Missouri has wired his accept-  
ance to an invitation to speak at the  
Southwest Veterans union held here

Folk day. Ex-Gov. Adams of Colo-  
rado and Gov. Hoch of Kansas will at-

## Ask Revision of Freight Schedules.

Topeka, Kan., June 18.—A contest  
has been started before the state board  
of railroad commissioners to secure a  
withdrawal of the Missouri river  
freight rate schedules. The interior  
jobbers of Kansas are backing the  
move, which is being opposed by the  
Kansas City and Eastern Kansas  
wholesale houses. If successful it will  
mean the abolition of all existing com-  
modity schedules, and will cause a  
general reduction in the freight tar-  
iffs from all the interior points.

## To Build a New Rail Mill.

proximately \$1,000,000 and more than

According to a formal call quite a number of Ada citizens met at the court house Saturday night and discussed at length the railroad proposition.

It was very evident that more interest and enthusiasm has taken hold of the citizens and the committees will continue in their solicitation of funds this week. Several present agreed to raise their subscriptions.

OFFICIAL CITY PAPER.

OTIS B. WEAVER & CO. - PUBLISHERS  
M. D. STEINER, - BUSINESS MANAGER

Entered as second-class matter March 26, 1904, at the postoffice at Ada, Indian Territory, under the Act of Congress, March 3, 1879.

KONAWA is to have a new and second paper, "The Leader." We wish the enterprise much success.

SENATOR "STEVE" ELKINS as a reformer of corrupt railroad practices would make a sphinx laugh.

PRESIDENT ROOSEVELT has declared the people should have a square deal as against the trusts, in buying supplies for the Panama canal. Will congress dare to reverse the president's order?

It may have been a wise move for the president to take Paul Morton into the cabinet to learn from him how to run the railroads, but it is hoped that when Mr. Morton goes out he won't teach the railroads how to run the government.

## Francis Happenings

### Doings and Goings of Our Neighbors on the North

Mrs. Bolin, of Francis, left Sunday for a week's visit at Allen. Mrs. Bolin accompanied her sister Mrs. Threlkeld home on her return from St. Louis.

B. B. Harris, the Francis jeweler, and family spent Saturday night and Sunday at Sasakwa.

Our friend Tom Lilley, the "cold drink man" reports a rousing time at the picnic at Black Rock last Saturday. Three fights and plenty of "booze" and an utter want of officers.

The Master Mechanic of the Frisco at this place, reports everything running smoothly, and everybody in good humor.

Messrs J. T. Watson and Sam Jones of the firm of Watson Bros. & Co., left Sunday evening, the 18th for their old home at Delight, Ark. They expect to be gone several days.

The ladies of the Rebecca Lodge No. 55, of Francis gave a nice supper on Saturday evening, the 17th, for the benefit of their lodge. We learn that it was well patronized, though we were not remembered in the distribution of free tickets. Hence were not present.

Our genial druggist, T. E. Miller and family visited in Ada Saturday night and Sunday, returning Sunday evening.

### FAST TRAIN WRECKED.

Engineer Cut in Two and Fireman Scalded to Death.

Oklahoma City, Ok., June 19.—The Meteor, a fast passenger train on the St. Louis & San Francisco Railroad, which left this city Sunday afternoon at 5:30 o'clock for Kansas City and St. Louis, was wrecked in south yards, this city, and Engineer Binkley and Fireman Fisher were instantly killed. Express Messenger Jewett was badly injured, while all of the passengers were more or less shaken up and bruised.

Engineer Binkley was cut in two, while the fireman was scalded beyond recognition. The deceased lived here and have families.

The train was running at the rate of thirty miles an hour and was rounding a sharp curve on a high embankment when the tender of the engine jumped the track. The tender was telescoped by the baggage car and the cab was reduced to kindling.

The engineer was cut in two while the fireman was pinioned to the boiler and was scalded to death. None of the cars left the track and had they done so many of the passengers would have undoubtedly been killed or maimed for life.

When the news of the wreck reached the city it was reported that ten persons had been killed and thirty injured. Ambulances and twenty surgeons were immediately dispatched to the scene.

### Sam Ward in Trouble.

Sam Ward a good for nothing negro, who lives on Springbrook 6 miles west of here is in town today and tells with a trembling voice how his colored neighbors served him on last Saturday night. Ward was accused of stealing about \$35.00 from Phelix Alexander and upon denying the accusation he was taken from his home by several negroes, led to a near by grove where a rope was placed about his neck and a confession asked for. Ward denied the charges but was made to stand on his toes under a limb until he had promised to be a "good nigger" and mind his own business.

### In the United States Court

In the Indian Territory, Southern Judicial District at Ada. In the matter of

The application of the incorporated town of Ada for the annexation of contiguous territory. Now comes the incorporated town of Ada, a municipal corporation duly incorporated under the laws of the state of Arkansas, put in force in the Indian Territory, and would respectfully show to the Court that the corporate limits of said town include an area of five hundred and fifty-nine and ninety one hundredths acres of land, a plat of which is filed herewith and marked exhibit "A" and made a part of this petition. The said map filed showing the original corporate limits is indicated thus and the lines indicating the territory proposed to be annexed are marked making a total number of acres proposed to be annexed six hundred and thirty. That all that portion of said map which is proposed to be annexed to the said town of Ada is settled and occupied by citizens of said town as residences and that a number of said parties are business men of said town.

That it would be for the best interests of the people who reside in said town and also for the best interest of the people who live in the part proposed to be annexed that said territory be annexed to said town and the incorporate limits be extended around the said territory and inclose the same in the incorporate limits.

That the territory proposed to be annexed is known and described as follows, to-wit:

The west one-half of the southwest one-fourth of the northwest one-fourth of section thirty-three, twenty acres; and the west one-half of the southwest one-fourth of the southwest one-fourth of section thirty-three, twenty acres; and the east one-half of the east one-half of section thirty-three, one hundred and sixty acres; the southeast one-fourth of the northeast one-fourth of section thirty-two, forty acres; the east half of the southeast one-fourth of the southeast one-fourth of section thirty-two, twenty acres; the northeast one-fourth of section thirty-two, forty acres; the east half of the southeast one-fourth of section thirty-two, forty acres, all in township four, north, range six east of the Indian base and meridian. The northeast one-fourth of the northeast one-fourth of the northeast one-fourth of section five, ten acres; the west one-half of the northwest one-fourth of section four, eighty acres; the southeast one-fourth of the northwest one-fourth of section four, forty acres; the south one-half of the northeast one-fourth of the northwest one-fourth of section four, twenty acres; the northeast one-fourth of section four, one hundred and sixty acres; all in township three north range six east of the Indian base and meridian, containing in all six hundred and thirty acres.

That said question of annexation was submitted to the qualified voters of the town of Ada on the 4th day of April, 1905, and that a large majority of said voters declared in favor of said annexation, which is evidenced by a certificate of said election filed herewith and marked exhibit "B" and made a part of this petition.

That said election was submitted to the qualified voters of the said town thirty days before said election by publication in the Ada News a newspaper published in said town.

Wherefore the premises considered your petitioner the incorporated town of Ada Indian Territory prays that said cause be set down for hearing at some date fixed by the Court, and that on a hearing thereof the said territory be annexed to the incorporated town of Ada as described herein, and that the Court make further orders in the premises as may seem proper.

B. C. King, Attorney for petitioner. B. C. King, on oath states that he is attorney for the petitioner in the above styled matter and that the allegations and statements contained herein are true as he verily believes. B. C. King, Subscribed and sworn to before me this 16th day of May, 1905. James E. Webb, Notary public. IN THE UNITED STATES COURT, Southern District of the Indian Territory, at Ada. J. T. Dickerson, Judge U. S. Court, Southern District, Ind. Ter.

United States of America, Indian Territory, Southern Judicial District.

I, C. M. Campbell, Clerk of the United States Court within and for the Southern District of the Indian Territory, do hereby certify that the above and foregoing is a true and correct copy of an order of court made on the 18th day of May, A. D. 1905, at Chickasha, I. T., in chambers fixing date of hearing on application above, filed in my office at Ada, Indian Territory, May 20th 1905, and entered in court journal B, at page 350.

In testimony whereof I hereunto set my hand and affixed the seal of said court, this 20th day of May, A. D. 1905.

Woodmen of the World Will Not Remove Their Headquarters from Nebraska at Present.

Topeka, June 18.—The sovereign officers of the Woodmen of the World Saturday stated at their meeting here that their headquarters would not be removed from Omaha for the present. Topeka was working hard for them and not without chances of success. The objection to Omaha by the Woodmen was the obnoxious tax laws levying on emergency funds of all fraternal organizations.

J. E. Fitzgerald, sovereign manager, and secretary, said that if the next legislature does not remove this tax law then the buildings will be moved. "Topeka stands as good a chance as any of getting them," he added.

The Standard is now paying 50 cents a barrel for high grade Kansas-Territory oil and five cents less a barrel for each half degree gravity under 32 down to 30 cents a barrel. It was long ago predicted that the price of Kansas oil would reach 50 cents a barrel by reason of the vast overproduction in this field, but oil men will be disappointed if it goes any lower.

GREAT BRITAIN OBJECTS.

Strong Representations Made at St. Petersburg Regarding the Recent Sinking of British Merchant Vessels.

St. Petersburg, June 18.—Strong representations were made here Saturday afternoon in behalf of Great Britain as a result of the sinking of the British steamers by Russian auxiliary cruisers.

The British steamer St. Kilda was sunk by the Russian auxiliary cruiser Onieper June 5, in the China sea, and it was reported at the time of the battle of Sea of Japan that the Russians sank a British steamer in the straits of Formosa. Her name, however, has never been mentioned in the cable dispatches and it has been generally understood that the report grew out of the capture by the Russians of the British steamer Glaham, bound for Japanese ports from N.Y. York March 26, via Hong Kong.

JUDGE BELLINGER'S SUCCESSOR

W. W. Cotton, of Portland Oregon Appointed to Fill the Vacancy in the Oregon District.

Washington, June 18.—After a conference with President Roosevelt Saturday Attorney General Moody announced that it had been decided to appoint Judge W. W. Cotton of Portland, Ore., to the vacancy on the United States district bench caused by the death of Judge Charles B. Bellinger of the District of Oregon. Judge Cotton will not be required to qualify until September 1, as he has some important cases to close up before entering upon his new duties. It is not expected that Judge Cotton will try the land fraud cases which have been instituted by the government in Oregon. Judge De Haven of California, already has been assigned to the trial of those cases by President Gilbert of that circuit.

PHILADELPHIA POLITICS

Mayor Weaver Issues Strong Statement Regarding Injection of Politics Into Present Reform Movement

Philadelphia, June 18.—Mayor Weaver Saturday issued a statement bearing the letter signed by 21 business men and addressed to Sheriff Miles, chairman of the Republican city committee urging the committee to reform the republican party. The letter suggested that new nominations be made for the fall election.

The mayor's statement in part follows: "This injection of party politics at this time is unfortunate. It would be treason to a holy cause to involve it in personal politics. It makes no difference what persons, what parties or what organizations fall as the result of their participation in municipal wrongs and crimes of the past. Let them fall. They must fall and be de-throned before the work in hand can be completed impartially and honestly and the affairs of the people placed on a firm and secure foundation for the future. I will consider no politics until this work is done. This is not a contest over a sheriff and coroner, and I shall not permit it to be reduced to such a lame and impotent conclusion if I can help it. Therefore, I speak now and thus strongly in order that the true friends of municipal regeneration and honest government may be on their guard against other subtle or misleading efforts as would divert the issue, betray the cause and possibly save for further evil the parent source of all our woes."

FIRE IN SHIPS HOLD.

Burning Cargo of Steamer Kansas City Which Bid Fair to Destroy the Vessel.

New York, June 18.—Fire which started in the hold of the steamer Kansas City of the Savannah line while she was making her way through the dense fog off Sandy Hook early Saturday and caused a panic among her three score passengers and which was believed to have been extinguished broke out anew after she had reached her dock. When the hatches were removed after the hold had been filled with steam for several hours the flames burst forth and resisted every effort the combined land and water fire fighters could make to subdue them. Late Saturday afternoon the fire was still smoldering obstinately in the hold and tons of water was being poured down upon it. Far down in the bottom of the hold there is stored a large quantity of resin and turpentine. It is feared that if the flames reach this inflammable material a serious explosion may occur. Several thousand watermelons which were stored in the hold have been destroyed by the heat and the cargo of cotton has been considerably damaged.

WILL ISSUE STATEMENT.

Conference at the White House Regarding Santa Fe Case Secretary Morton's Course Inquiry.

Washington, June 18.—A long conference was held at the White House Saturday, the president, Secretary Morton and Attorney General Moody being the participants. The conference related to the Santa Fe Railroad rebate case which has been pending before the department of justice for several months. Secretary Morton is brought into the case by his admission on the witness stand that when he was a vice president of the Santa Fe road rebates were granted by that system to the Colorado Fuel & Iron company. After the conference Mr. Moody said that a full statement of the case would be issued by him next Tuesday. At the same time President Roosevelt will make a statement of the position of the administration. While neither Secretary Morton nor Attorney General Moody would discuss the matter at this time it can be said that the former has counted the fullest inquiry into his railroad transactions.

GERMAN LOSS CONFIRMED.

Hottentots Looted the Headquarters at Warmbad, Southwest Africa—Another Town Captured.

Cape Town, Cape Colony, June 18.—Confirmation has been received here of the report that insurgent natives recently captured Warmbad, German Southwest Africa, near the border of Cape Colony. The attacking force of Hottentots was led by Abraham Morris. They captured the place June 2 and evacuated it almost immediately afterwards, taking away all the ammunition and stores but releasing their prisoners. The German officers escaped. The same force of natives also captured Kalkfontein June 2, looting the place and taking away all horses, cattle and provisions.

May Change Place of Meeting.

St. Petersburg, June 18.—The question of the place of meeting of the Russian and Japanese representatives has been reopened and there is a possibility that the Hague instead of Washington may be selected. After the announcement that Washington had been selected Russia expressed a desire to have the selection reconsidered and exchanges to that end are now proceeding between Foreign Minister Lamsdorff and Ambassador Meyer and Washington. Russia's preference for the Hague is based on the obvious advantage that it is entirely neutralized the capital of a small state and the site of the arbitration court, and also by consideration of time.
